

Confirmation of Entry

For registration received in the State Games office, a confirmation letter will be sent via email.

Please do not mail in your registration if you have registered online.

If you have not received your confirmation by **two weeks before your event**, please call the Oklahoma Senior Games Office at 405-821-1500.

Online registrants will receive an email verifying that the registration has been accepted.

On-line registrants have the option of printing a confirmation letter which lists their events after the registration process. To do this, you must have your confirmation number. Your confirmation number will be in your initial confirmation email.

Please keep this confirmation number as you will need your last name and it to re-enter the registration website.
